- Adept at collaborating with cross-functional teams to achieve project goals and meet deadlines
- Analytical and problem-solving skills for debugging, optimizing, and improving code functionality
- Proficient in version control using Git and managing collaborative development workflows
- Knowledgeable in integrating RESTful APIs to connect front-end interfaces with back-end systems
- Excellent communication skills to explain technical concepts clearly to stakeholders

## PROFESSIONAL EXPERIENCE

### Asurion – San Antonio, TX

Oct. 2021 – Jan. 2025

#### Technical Support Specialist

- Provided technical support for mobile devices, troubleshooting complex software and hardware issues.
- Diagnosed and resolved device issues using systematic problem-solving protocols, improving resolution efficiency.
- Created detailed technical documentation to standardize troubleshooting processes for the support team.
- Collaborated with cross-functional teams to identify recurring software bugs and provide actionable solutions.
- Mentored junior team members in technical processes, fostering knowledge sharing and coding logic understanding.
- Utilized CRM systems and remote support tools to streamline issue tracking and resolution workflow.
- Tested and validated device software functionality, contributing to overall product quality assurance processes.

#### Accomplishments:

- Reduced average device resolution time by 25% through improved troubleshooting protocols.
- Recognized as top performer for effectively resolving software-related technical support cases.

### Remote Customer Service Representative

Jan. 2021 – Jan. 2025

- Delivered remote technical support, resolving customer issues via calls and online communication channels.
- Resolved technical inquiries, analyzing software and hardware problems to provide tailored solutions.
- Documented system errors and customer interactions to support team knowledge base and process improvements.
- Collaborated with technical teams to escalate complex software bugs and recommend fixes.

#### Accomplishments:

- Reduced average handling time by 18% through process improvements and workflow optimization.
- Surpassed team performance targets consistently, contributing to organizational customer support excellence.

### Steves & Sons – San Antonio, TX

Oct. 2020 – Present

#### Assembly Line Worker

- Assembled door components and installed glass using precise measurements and problem-solving skills.

## COURSES & CERTIFICATIONS

AC Certification – Valvoline  
Jan. 2018 – Present

## TECHNICAL TOOLS & PLATFORMS

**Programming & Web Development:**  
HTML, CSS, JavaScript, React.js

**Development Tools & Technologies:** Git, RESTful APIs, CRM Systems, Remote Assistance Tools

**Software & Productivity:** Microsoft Office

DETAILED PROFESSIONAL REFERENCES AVAILABLE UPON REQUEST

- Followed technical assembly instructions to ensure defect-free, high-quality product output.
  - Assisted with machinery setup and minor troubleshooting to maintain production efficiency.
  - Documented assembly processes and workflow improvements for future reference and standardization.
  - Coordinated with team members to optimize task sequencing and operational efficiency.
- Accomplishments:**
- Streamlined installation process, improving assembly efficiency by 20% using procedural optimization.
  - Maintained product defect rate below 2% through detailed inspections and corrective measures.

Ford Motor Company – San Antonio, TX  
Customer Service Representative

Apr. 2020 – Sept. 2020
